Johnson Agrees To \$6 Billion Spending Cut

JOHNSON CITY, Tex. (AP) — President Johnson has reluctantly agreed to accept a \$6 billion cut in government spending in order to get the tax increase he thinks vital to the nation's economy.

His decision to bow to Congress' budget-cutting after nearly two years of battling for a 10 per cent income tax surcharge

was disclosed at a Memorial Day news conference at the LBJ Ranch.

The President said the tax increase was urgently needed to stave off economic chaos. But he previously contended any budget slash exceeding \$4 billion would be against the national interest.

Now, the chief proponent of

the \$6 billion spending cut, chairman Wilbur D. Mills, D-Ark., of the House Ways and Means Committee, predicts the President's move assures quick passage for the tax bill when it comes up for House vote June 12.

House Republican Leader Gerald R. Ford seemed to agree.

"I am very pleased that the President agrees a reduction of this magnitude is a good compromise with his 10 per cent tax increase," Ford said.

The Senate already has passed a bill packaging the President's tax bill with a \$6 billion spending cut.

The presidential news conference also produced sobering re-

ports about more heavy fighting ahead in Vietnam, along with continued propaganda, infiltration and terror by the North Vietnamese and no substantive progress so far at the Paris peace talks.

The President, in Texas for the holiday weekend, promised to continue to explore every avenue toward a just and hon-

orable peace.

"If Hanoi will take responsive action," he said, "we are ready to go far and fast with them, and with others, to reduce the violence and build a stable peace in Southeast Asia."

The President shared his nationally televised and broadcast news conference with Gen. William C. Westmoreland, outgoing

U.S. military commander in Vietnam who is soon to take over as Army chief of staff, and a guest, Australian Prime Minister John G. Gorton.

Westmoreland, summing up a report he made to the President, declared the North Vietnamese are waging a worldwide propaganda campaign aimed at making the United States and

the world conclude it is futile to strive for a free and independent South Vietnam.

On the domestic front, the President kept his aides busy over the holiday weekend working on a special message he hopes to send to Congress next week carrying out his promise to urge adoption of a constitutional amendment to lower the voting age from 21 to 18.

Middle Class French Parade For DeGaulle

General Vows To Solve Crisis Facing Nation

PARIS (AP) — President Charles de Gaulle's appeal for support sent hundreds of thousands of Frenchmen marching through Paris Thursday night in a massive demonstration on his behalf.

Down the Champs Elysee they surged, the middle class of France in a dramatic backlash against the student rioters, striking workers and Communist agitators that threaten the 77-year-old general's Fifth Republic.

The outpouring was prompted by De Gaulle's broadcast warning that France faced the threat

Back-To-Work

PARIS (AP) — President Charles de Gaulle's firm stand in the French strike crisis stirred up a modest back-to-work movement today. And union leaders said they were ready to reopen talks on wage hikes for still idle millions.

of Communist dictatorship. He served notice that he intended to resolve the crisis and use whatever force necessary to curb elements that have brought France to its worst postwar crisis.

De Gaulle dissolved the National Assembly, slapped tight temporary controls on the movement of the franc and hinted that he might use the army to break the general strike by some 10 million of France's 16 million workers.

Will Not Quit

To those who had hoped he would quit under the combined pressure of the strikers and rioting students, De Gaulle declared: "I will not withdraw... the Republic will not abdicate."

De Gaulle also said he was keeping Georges Pompidou as premier and that he had authorized him to replace Cabinet ministers as he saw fit.

The president ordered new assembly elections and announced that he was postponing the ref-

Hunt Sub In Deep Sea

NORFOLK, Va. (AP) — The Navy is now searching in the deep Atlantic for the submarine Scorpion. It has abandoned a search nearer the coast prompted by a radio message purportedly from the missing sub which some officers label a possible cruel hoax.

Gunfight Fatal For Dragracer

SOUTHGATE (AP) — A 23-year-old Mount Clemens, Mich., man was ordered held in Wayne County jail without bond on a first degree murder charge Thursday in the fatal shooting of a St. Louis, Mo., dragstrip race driver.

Norman Hilliker Jr., who was arrested after an apparent gun battle early Thursday, demanded a court examination when he appeared before Municipal Court Judge Joseph F. Sutka. It was set for June 6.

Hilliker stood mute on the charge when he was arraigned before the judge.

He was charged with the death of Harry Hovis, 39, who suffered three bullet wounds in the chest in a motel room at Southgate, a Detroit suburb.

Southgate Detective Frank Toures said Hovis, who was scheduled to enter a dragstrip meet near Monroe, Mich., apparently met Hilliker for the first time Wednesday night.

The two reportedly got into an argument while discussing guns, the detective said. Toures said indications were that both men may have fired one or more shots.

Dies In Car Fire

LANSING (AP) — Charles DeLude, 58, of Lansing, perished Thursday when flames engulfed an auto in which he was sleeping. Ingham County Coroner Dorwin Hoffmeyer said DeLude apparently crawled into an abandoned car in a parking lot and fell asleep while smoking.

The Navy ordered 12 ships Thursday to leave patrol assignments near the coast and move seaward. At the same time it released 12 others from further participation in the search.

While a sub on the bottom in the relatively shallow waters of the continental shelf might survive, its hull is not designed to withstand the pressures encountered at greater depths.

While doggedly keeping up the hunt for the lost ship, officers at Atlantic Fleet headquarters reported crank calls were plaguing families of the Scorpion's crew. The callers pose as Navy officers and give the families false information on the conditions of their loved ones, they said.

Some 60 of the Scorpion's men had families in the Norfolk area.

The ships diverted Thursday will sweep eastward from a point 400 miles off of Norfolk to the last known position of the Scorpion, the Navy said.

The Scorpion, a submarine of the Skipjack class with a crew of 99, was scheduled to arrive in

Norfolk at about 1 p.m. EDT Monday after a training mission in the Mediterranean. Its last reported position was given on May 21 as about 200 miles south of the Azores.

The Navy said it was abandoning a special search organized when a Navy patrol plane and six ships heard a voice transmission at 8:28 p.m. Wednesday.

The transmission said, "Any station this network: this is the (and then the code word for the Scorpion)."

The nuclear-powered submarine USS Lapon was the only craft to obtain a bearing on the signal, which was heard by the patrol plane when it was about 110 miles east of Norfolk. The Lapon heard the transmission while 300 nautical miles east of Norfolk.

The possibility was raised Thursday that the transmission might have been a hoax or might have originated aboard one of the Navy's own ships in the search area. The Navy said both possibilities are being investigated.

Harriman Urges War Scaledown

PARIS (AP) — U.S. Ambassador W. Averell Harriman planned to appeal again to Ambassador Xuan Thuy of North Vietnam today to end the propaganda battle of the Paris peace talks and negotiate on ways of scaling down the Vietnam war.

Harriman held little hope of early success. North Vietnam is pressing its campaign to compel the United States to stop the rest of the bombing and shelling of its territory, and the U.S. government is adamantly refusing unless North Vietnam reduces infiltration into the South.

U.S. officials say privately that they hope the impasse can be broken eventually. And while the North Vietnamese are saying the United States would be to blame for any future failure of the talks, they are carefully avoiding any threat to walk out.

Cyrus R. Vance, Harriman's deputy, has reported on the state of the talks to President Johnson and evidently been told that Johnson's policy is to keep trying. Vance flew to Washington Monday and is expected back this weekend.

While the talks have been in recess since Monday, the battle of words has continued. North Vietnamese Premier Pham Van Dong said Thursday his government would not accept "any conditions or any reciprocity" in order to bring an end to U.S. attacks.

At his ranch in Texas, Johnson told a news conference: "We shall continue to do everything we know how to do to bring peace to the world." He said he is "ready to go far and fast" toward peace in Vietnam if North Vietnam will do the same.

Gene, Bobby Set Debate

By The Associated Press
Sens. Eugene J. McCarthy and Robert F. Kennedy, each trying to block the other's bid for the Democratic presidential nomination, will meet face-to-face Saturday in a nationally televised debate.

Until he lost to McCarthy Tuesday in the Oregon primary, Kennedy had been ignoring his opponent's daily challenges to join him before the cameras. Oregon boosted McCarthy's stock at Kennedy's expense and suddenly made it harder to say no to a debate.

The ABC network announced Thursday the pair would meet on a one-hour telecast, entitled "Issues and Answers: A Special Report," originating from KGO-TV in San Francisco.

Humphrey Declines
It will be seen alive across three-fourths of the nation—at 9:30 p.m. in the East, 8:30 p.m. in the Central states and 7:30 p.m. in the Mountain states. In

the Western time zone a taped broadcast will be shown at 9:30 p.m.

Vice President Hubert H. Humphrey, as third man in the race for the Democratic nomination, was asked to join in the debate but declined, the network said.

Frank Reynolds, an ABC network spokesman, will be moderator, directing questions at first one man and then the other. Questions will also come from two other ABC newsmen, political correspondent Robert Clark and White House correspondent William Lawrence.

Both In California

Under the ground rules, Kennedy and McCarthy will not engage each other in direct exchanges, but whenever one answers a newsmen's question his opponent will have a chance to jump in immediately afterward with comment and criticism of what has just been said.

National tremors are likely

but the debate is almost certain to have immediate impact in California, where Kennedy and McCarthy are pitted against one another in Tuesday's state presidential primary.

See Progress In News Strike

DETROIT (AP)—If the 198-day-old Detroit newspaper strike is going to be settled, "we should have it in the next few days," a specially appointed mediator said early today after a 17-hour high level negotiating session broke up.

Publishers of the morning Detroit Free Press and the afternoon Detroit News met with officials of the paper and plate handlers union and with University of Wisconsin labor expert Dr. Nathan Feinsinger all day Thursday and into the early hours of today.

Feinsinger said negotiations would begin with the second of four striking unions—the pressmen—later today and then would continue with a paper and plate handlers' subcommittee.

"It's moving," said Feinsinger when asked to describe the progress of the special sessions. Only hours before, Feinsinger told newsmen that "There is not a ghost of a chance of us not reaching agreement unless somebody upsets the apple cart."

Thursday, whistling through the San Joaquin Valley. McCarthy meanwhile campaigned in Watts and said he found nothing in the Black Power concept incompatible with American traditions.

Rocky In Milwaukee

Humphrey, who is not making the rounds of the primary states with his two rivals, was in Bethesda Naval Hospital today for what his staff described as a routine twice-yearly checkup. There were these other political developments:

—George Wallace, inactive since the death of his wife, Gov. Lurleen Wallace of Alabama on May 7, will resume his third-party campaign June 6 with appearances in Maine and Massachusetts.

—Gov. Nelson A. Rockefeller of New York returned to Albany Thursday after three days of campaigning for the Republican presidential nomination in the West. Aides said he'll fly to Milwaukee Sunday night.

—Richard M. Nixon, the GOP front runner, said Thursday his five consecutive primary victories "means the end of one phase" and promised to unveil "a brand new campaign" shortly.

Suspend Salaries

WESTMORELAND, Calif. (AP) — City Council members have voted unanimously to suspend their own salaries and those of part-time firemen for the next three months in an effort to balance city books. Mayor E. H. Cain said the city owes \$3,000 in past due bills.

Assault Saigon From 2 Sides

SAIGON (AP) — Viet Cong troops pressed hard on two sides of Saigon today in a new outburst of fighting in the capital, as other enemy forces

trained big Russian guns on allied bases in the central highlands.

Enemy pressure was maintained as North Vietnamese and U.S. negotiators prepared to hold their sixth session of cease-fire talks in Paris.

In a news conference today the second-highest Viet Cong ever to defect, Col. Phan Mau, 38, said the Communist strategy was to keep up attacks on South Vietnamese cities to improve the bargaining position in Paris.

South Vietnamese bombers plastered Viet Cong troops trying to push into the city from the northeast. Aerial observers estimated the strikes killed as many as 200 enemy troops, but the figure was not confirmed by body counts.

More serious than the guerrilla surge from the northeast, however, was the infiltration of small squads of Viet Cong into Cholon, the Chinese quarter in Saigon's western sector.

Earlier South Vietnamese marines and rangers thought they had contained the Viet Cong outside the capital's western outskirts. After five days of skirmishing near the U.S. satellite communications station in Phu Lam, the government troops appeared to have the situation in hand. But the infiltrators moved in, and several hundred frightened refugees streamed from their homes through a hail of crossfire. Some were wounded.

On the northeastern edge of Saigon, meanwhile, infiltrators slammed bazooka-type rockets and grenades into a U.S. motor pool and a National Police center. Eleven Americans and six government policemen were wounded, but there were estimates of 30 to 40 Viet Cong killed. One U. S. Army gunship helicopter was shot down as it worked against the Viet Cong.

Earliest Sign Of Man?

Scientists Told To Quit Diggings

YERMO, Calif. (AP) — Deep in the barren Mojave Desert, archaeologists say they think they've found the earliest evidence of man's presence in the Western Hemisphere.

Now, the painstaking task of proving their find faces a deadline—sundown tonight.

The work at the 5-acre diggings in the Calico Mountains, 10 miles east of Barstow, halted when Glen S. Gunn, a miner holding claims of the federally owned property, ordered the scientists off the land. Gunn valued his claims at \$25 million and has offered them to the scientists for that sum.

But the archaeologists say they'll resist his demand for them to leave the land.

"We've moved all specimens, all notes and records just in case we should have to grab our hats and run," said Ruth Simpson, expedition director. "But our plan is to stay on at the site despite Mr. Gunn's ultimatum." Their belief that stone-age relics found at the site, some 106

miles northeast of Los Angeles is supported by Dr. Louis S. B. Leakey, who discovered, in Africa the earliest known human remains, which may be as old as 1.3 million years.

Leakey has said the evidence gathered at the Yermo diggings, including more than 100 man-made tools, warrants continued research until the age of the relics is proved.

But Gunn said the presence of the researchers is keeping him from digging bentonite, a rare earth from volcanic ash, on claims he has held since the early 1950s.

At the request of the archaeologists, the Bureau of Land Management is assaying the deposits to determine whether the claims are worth mining. If they aren't, bureau officials say, the claims can be nullified.

Meetings have been proceeding for several days between representatives of the scientists, Gunn and his attorney seeking an arrangement which would enable the research to continue.

Rain Spoils Tribute To Dr. King

WASHINGTON (AP) — near-steady rain for two weeks has transformed the Poor People's Campaign shantytown into a 15-acre mudhole but the Rev. Ralph David Abernathy says the weather won't stop the demonstrations.

The rain fell again Thursday but Abernathy, campaign leader and president of the Southern Christian Leadership Conference, told newsmen: "I'm sure it will clear up. It can't get much worse."

He vowed the demonstrators will stay in Washington until Congress meets their demands for massive programs to help the poor.

Mrs. Martin Luther King Jr. visited the encampment for the first time.

The rain has made one great mudhole of Resurrection City, the shanties near the Lincoln Memorial serving as temporary home for some 2,000 demonstrators.

But Abernathy said there are no plans to evacuate and added that now that his own A-frame shelter is ready, he and his wife will move in today.

The rain reached cloudburst proportions, with high winds, thunder and lightning as a Memorial Day concert at the Lincoln Memorial got under way in memory of King, who conceived the campaign.

Mrs. King spoke briefly to the crowd in front of the memorial, site of her assassinated hus-

NMU Will Honor Thomson Sunday

MARQUETTE (AP) — Lord Thomson of Fleet, international newspaper and television magnate, will receive an honorary degree from Northern Michigan University Sunday.

John P. McGoff, Williamston, president of the NMU Board of Control, said the degree of doctor of laws will be conferred upon Roy Herbert Thomson during Northern's commencement exercises.

Speaker for the commencement ceremonies will be Robben Fleming, new president of the University of Michigan.

Born in Toronto on June 5, 1894, Thomson ended his formal education when he was only 14 but became head of one of the largest mass communications empires in the world.

Knighted By Queen

Thomson was elevated to the peerage on Jan. 1, 1964, by Queen Elizabeth II. The name Fleet in his title Thomson took from London's famed newspaper row, Fleet Street.

He was then 70 and owned 125 newspapers and 105 magazines in Great Britain, the United States, Ireland, Canada and Africa. Since then he acquired the world-renowned London Times and the Brush-Moore chain of newspapers in the United States.

"I can't understand a man quitting at 65," he once said in an interview. "I'm now over 70 and I think that, barring some accident, I'm good for another 10 years. I made more progress and became worth more money between 65 and 70 than I'd made in the whole previous 65 years. Now my aim is to make more between 70 and 75 than I made out of the first 70."

Dropout At 14

After dropping out of school in Toronto when he was 14 because there was little money in the family, Thomson worked as a clerk, salesman, farmer, stenographer and bookkeeper.

During the slump that followed the 1929 crash, Thomson was trying to sell radio sets in northern Ontario, but business was bad owing to poor local reception. His solution was to set up his own small broadcasting station with a second hand transmitter bought on credit and operated on canned music.

This launched the career that was to become one of the most successful in the history of communications. He not only sold his sets but advertising as well.

Lord Thomson

and the money poured in.

Newspaper Chain

His initial venture into newspapers began with the purchase of a weekly in payment of a bad debt, and he made this deal pay also. One newspaper led to another, and in 10 years Thomson had a chain of small city daily-evening papers from Quebec to Vancouver and three radio stations as well.

In 1953, by which time he was a millionaire and verging on 60, he looked for new fields of activity and turned to Scotland, the land of his forebears. He acquired control of the Scotsman group of newspapers and moved to Edinburgh.

Thomson later secured the Independent Television Authority's license for Scotland and completed his biggest newspaper deal in 1959 by taking over Kemsley Newspapers, Ltd., the largest press group in the country.

In Ten Countries

The Thomson Organization Ltd., as it is now known, includes more than 150 newspapers in 10 different countries, 153 miscellaneous publications, seven book companies, 19 printing companies in six different nations, three blockmaking companies, 10 exhibition companies, three travel companies, four insurance companies and 10 trucking companies.

Apart from Thomson's highly successful television station in Scotland, his television interests embrace 16 nations, along with radio interests in seven countries.

He has given financial support to many worthwhile causes. His greatest benefaction is the Thomson Foundation, a charitable trust of 5,000,000 pounds (\$13,200,000) for "the provision of facilities for and the encouragement of education and technical and vocational training and for dissemination of news and information in the undeveloped and underdeveloped countries of the world."

Peter Houle Is Essay Contest Award Winner

Peter Houle, the son of Mr. and Mrs. Irvin Houle, 326 S. 9th St., Escanaba, was presented a \$50 Savings Bond by the Optimist Club of Escanaba at a meeting at the Old Towne Restaurant Wednesday.

The award was in conjunction with an essay contest, sponsored by the Optimist Club of Escanaba as part of Youth Day of Michigan Week. The essay was on Resource Use in Michigan. Larry Ambeau was the coordinator of the contest and all schools in Delta County were asked to participate.

There were four other essayists, including Ed McCarthy, son of Mr. and Mrs. Ed McCarthy of Escanaba; Joyce Porath of Bark River; Margaret Zanetti and Debra Stoll of Escanaba.

The award was presented by Stewart Hill, president of the Optimist Club. Peter Houle is an eighth grade student at St. Joseph's School. Mr. and Mrs. Houle were guests of the Optimist Club.

Scholarships Are Announced

The Delta County Agricultural Booster Association today announced the awarding of scholarships to Bay de Noc Community College for the 1968-69 academic year to Betty Stoneliff, Rte. 1, Escanaba, and Richard Germain, Rte. 1, Escanaba.

Both students will graduate from Escanaba Area High School next week.

In making the announcement, George Bathke and Richard Manger, co-chairmen of the booster association, said that the criteria for the awards call for students to be residents of Delta County and that their parents should be actively engaged in making their living in agriculture.

Selection is also made on the basis of high school achievement and potential for continued academic success at Bay de Noc.

Members of the Booster Association are in business in Delta County.

Roger Stebbins Honored At Graduation Fete

The population of LaBranche soared the evening of May 23, when Mr. and Mrs. Roger Stebbins hosted a graduation fete in honor of their son's high school graduation. Roger Stebbins Jr., president of the Senior class of Powers High School, received his diploma from his father, current chairman of the Powers-Spalding School Board, during commencement exercises Thursday evening.

Present at the LaBranche gathering were the paternal grandparents, Mr. and Mrs. Everett Stebbins of Escanaba, sisters Candy, Kim and Colette, as well as other relatives, Mr. and Mrs. Joseph Butryn and daughters Debbie and Bonnie, Mr. and Mrs. Stanley Butryn, and Mrs. Robert Bellefeul.

Also present were neighbors, Mrs. Walter Welch, Frank Gaber, Mr. and Mrs. John Murray and Jerry Shiverski. From the Powers area were Mr. and Mrs. Jerome Albright, Mr. and Mrs. Dave Naser and Mr. and Mrs. Norman Kell.

Young people attending were Bruce Murray, a fellow graduate, Jim Mileski, John Nelson, Barbara Welch, August Murray, Paula Murray and Rita Hamby.

A white rabbit was presented to the two graduates by John Nelson. Possession was awarded to Roger Stebbins, presumably because it will be of assistance this fall when he enters Central Michigan University to study math (multiplying, you know).

General Vows To Solve Crisis Facing Nation

(Continued From Page One)

erendum he had set for June 16 to endorse economic and university reforms.

"I take note that the present situation physically prevents this from being carried out," he said.

Setback For Reds

The outpouring of De Gaulle was a setback to the Communists who finally climbed on the bandwagon of the rebellious workers. It was all the more impressive because it included many young people, some students shouting enthusiastic support for the old leader.

Many Frenchmen had thought De Gaulle's following was limited to the middle aged and elderly.

Banners carried by the marchers conveyed the spirit of the crowd.

"Cohn-Bendit go home," said one, referring to Daniel Cohn-Bendit, the German student leader.

It was a memorable moment for De Gaulle and he obviously savored it. The president leaned out of a window of the Elysee Palace listening as the demonstrators chanted his name.

Money Control

The exchange controls, first public action by the government after De Gaulle's declaration, went into effect at midnight.

The government announced that it was reimposing strict controls over exchanges and movement of capital "to assure the defense of the national interest." Export of all capital—money, checks and gold—was forbidden except with Finance Ministry approval.

The government ended a 16-month period of free exchange after mistrust of the franc drove it to its bottom level of 4.9740 to the dollar, at which point the Bank of France is obligated to intervene.

Though De Gaulle showed he was willing to subject the government's case to an electoral test, he warned that he would use force if necessary to regain control of the divided country.

If there is a situation "where force is being used I will have to take... other paths than the immediate polling of the country," he said.

Appeal To Civil War

The Communist party's political bureau replied, "To those millions of Frenchmen who want a change of policy, De Gaulle replies with a veritable declaration of war."

Francois Mitterrand, leader of the non-Communist left, said, "Gen. De Gaulle's latest act is an appeal to civil war."

Meanwhile, the trade unions said the general strike begun two weeks ago would continue despite overtures by government officials to get the workers back on the job. There was no indication that De Gaulle was prepared to use force to dislodge workers from occupied plants, shops and offices.

Baccalaureate Service Sunday

GLADSTONE — The 76th annual Baccalaureate Service of Gladstone High School will be held at the physical education building Sunday at 8:15 p.m.

Rev. Reuben Carlson, pastor of First Lutheran Church, will give the Baccalaureate address and Rev. Loren Anderson, pas-

tor of Evangelical Covenant Church, will offer the invocation and benediction.

The 111 graduates will enter the gymnasium as the Gladstone High School Band, under the direction of Paul Cowen, plays "Pomp and Circumstances," by Elgar. A soprano solo, "I'll Walk With God," by Brodsky, will be presented by Constance Williams, one of the 1968 graduates.

The recessional will be played by the High School Band.

Class Night Activities will be held Monday at 8 p.m. The program will include the valedictory address by Julie Sargent and the salutatory address by Eloise Pickard.

Scholarship awards will be presented by Donald Pfoth-hauer, guidance counselor. Principal John Norton will announce the best all around girl and boy awards to be presented by Charles Makosky, commander, and William Swenson, historian, of August Mattson Post 71, American Legion.

Mrs. Milburn Nolan, vice president of the Band Boosters Club will present the John Phillip Sousa Band Award. Wallace Cameron, Superintendent of Schools, will present the valedictorian and salutatorian awards. The processional and recessional will be played by the Gladstone High School Band, under the direction of Paul Cowen.

Commencement exercises are scheduled at the physical education building Wednesday at 8 p.m.

Stephenson Gl Dies In War

STEPHENSON — Pfc. Dennis L. Stiglitz, 21, son of Mr. and Mrs. Anton Stiglitz of Stephenson, was killed in action May 25 in Vietnam.

The youth was serving with Company C, 4th Battalion of the 31st Infantry.

He was born May 11, 1947, at Dagget and was a 1965 graduate of Stephenson High School. He was a member of Lost Lake Covenant Church.

Besides his parents he is survived by a brother, Daniel, of Stephenson; two sisters, Penelope of Menominee, and Pamela of Milwaukee, and his maternal grandmother, Mrs. Edward Cheney of Stephenson.

Funeral arrangements will be announced by Diehm Funeral Home in Stephenson.

Briefly Told

Lindsley Frenette of Gulliver is the first to file a nominating petition for election to the county board of supervisors. Frenette filed on the Democratic party as a candidate from District 2 which includes Doyle-Manistique townships. June 18 is the deadline for filing. County Clerk Ferdinand Lesica, points out.

The Schoolcraft County Allocation Board has determined the allocation for the coming year and apportioned 7.1 mills for county operations; 1.0 mills for each township except Hia-watha; 6.8 mills for area school operations; and 0.1 mills for the Intermediate District. The Allocation Board, in session Tuesday night, also passed a resolution recommending that the county board of supervisors consider applying for the 18-mill limitation.

The mother of Rev. Robert G. Jenks, who is being ordained Saturday, was incorrectly listed as the former Lorraine Cooper of Manistique. His mother is the former Loretta Cooper, daughter of Mr. and Mrs. Alec Cooper, Manistique Ave.

18 Republicans, 9 Democrats File For Delegate

County Clerk Ferdinand Lesica reports that 18 Republicans and nine Democrats have filed nominating petitions for election as county delegates for the 1969 county conventions. Filing deadline was 4 p. m., Tuesday.

The Democrats will elect three delegates from each city precinct and two delegates from each township; Republicans will elect two from each precinct and two from each of the townships.

Democrats filing include: Clifford L. Lambert, Precinct 1; Earl LeBrasseur, Precinct 2; Zada Sheahan and John W. Moffat, Precinct 3; Lorna Lou Moir, Precinct 1; Dorothy Thelander and Elaine Hartman, Inwood; A. Edwin Long and Norman Andrews, Thompson; Maxine Heath and William N. Miller, Germfask; Ruth Louise Hubbard and John W. Buzzo, Doyle; Francis H. LaCroix, Mueller; John P. Miller, Hiawatha; William W. Orr and Shannon Hubble, Manistique Township.

Delegates will be elected during the Aug. 6 primary election.

Republicans include: J. Witter Reid, Duane L. Waters, Marcella Quick, Precinct 2; Zada Sheahan and John W. Moffat, Precinct 3; Lorna Lou Moir, Precinct 1; Dorothy Thelander and Elaine Hartman, Inwood; A. Edwin Long and Norman Andrews, Thompson; Maxine Heath and William N. Miller, Germfask; Ruth Louise Hubbard and John W. Buzzo, Doyle; Francis H. LaCroix, Mueller; John P. Miller, Hiawatha; William W. Orr and Shannon Hubble, Manistique Township.

Delegates will be elected during the Aug. 6 primary election.

France Protests

French labor unions refused to ratify, at least the first time, around, concessions by the government to end the general strike which has paralyzed France.

Starting the troubles of Charles de Gaulle's Fifth Republic of France, university students rioted.

The action was at Nanterre, a suburban branch of the University of Paris, and the authorities closed it down to end the disorders caused by student agitators. They had reason for protest.

French universities are enormously overcrowded, short of teachers, long on ancient methods, using examinations as a tool to flunk out students by the thousands. The students were also protesting out-of-date curriculums and the de Gaulle government's bureaucratic control of the universities.

Paris is used to student revolt, but not in the past 10 years of the de Gaulle suppression, which had led to wonder whether France had departed her volatile old ways and had accepted control of violent dissent.

The student militancy was so determined that Paris' police were called off after they'd broken a lot of heads. The public stood with the students.

The students didn't agree on what they wanted, of course, except the destruction of the existing order. They seemed to concentrate on a demand for the end of formal examinations. A professor pointed out that that would not solve lack of democracy in French higher education, it would worsen the situation. Merit would no longer count, bureaucracy would increase and the children of the rich would be favored.

The French workers in communist led unions entered the trouble created by the students and greatly enlarged and deepened it. The unions first ridiculed the student disorders and then took them over. Most of French business ground to a halt. Trains and the Paris subway stopped. Air France didn't fly. Postal workers didn't move the mail. Police asked immediate pay raises. Factory workers welded the plant gates and seized the managers in demands for more pay, shorter hours, earlier retirement, more fringes.

The commie leaders demanded a new popular front government, including the communists.

Charles de Gaulle was in Rumania when the trouble started. He was there to encourage the communist Rumanian government in further defiance of Soviet Russia, which bosses it. This was in line with de Gaulle's call for a free Europe not dominated by the great powers, the United States or Russia.

To this cause he has devoted himself in a manner which has contributed greatly to his present troubles, the greatest that he has faced in the decade of his reign, and "reign" seems a more appropriate word for de Gaulle's rule than administration.

The Rumanians lionized de Gaulle, but Rumanian President Nicolae Ceausescu didn't make any public commitments and de Gaulle hurried back to France for his greatest humiliation. The gold board that he had built up for France in defiance, non-cooperative monetary dealings with Old Ally America didn't help much now; he would have to make concessions and they would make his country less competitive in the Common Market. Inflation would threaten.

The treasure that he had poured into France's effort to be a nuclear power and other national aggrandizements had made it less possible for the republic to ease domestic difficulties. And the general had held himself aloof from the French public, insisting that he knew what was best for France and would give it a paternalism.

There was talk that the French commies poured gasoline on the student revolt to pay off de Gaulle for his trouble making against the communists in Rumania.

But that cannot be a complete answer. The reaction of the French people to the disorders and shutdown of the national economy and their participation in them showed a deep disenchantment and rejection of the national establishment embodied in de Gaulle.

Bad as it is, and it's bad, the revolt does not automatically oust de Gaulle. His term as president runs until 1972 and while he's 77, most French deputies (congressmen) have reasons for not wanting a change of government.

France is reverting to type a bit in its current enagement over its government, but in a way it is also reflecting the discontent and frustration that blankets the world.

UNION MAN SPEAKS

During the past few weeks Local 632 has been subjected to some rather severe criticism on their current strike at the Harnischfeger Corp.

It was stated that the union officers owe the public in this area an explanation. If the public were paying our wages certainly we would owe them an explanation, but as things stand Harnischfeger pays our wages and after reading those letters of criticism, fortunately for us, this unfortunate situation will be resolved between the union and Harnischfeger Corp, not the public.

In my mind there is no problem insurmountable, hence the "bargaining table" where sensible men sit down together and hammer out these problems in a democratic way, and to say the very least this is no easy task.

At a crucial time like this the law of economics governs both parties and with current inflation it becomes increasingly more difficult to negotiate a contract and I do not envy any man on either side as it is a difficult and a thankless job.

Our lawmakers have just passed a bill on truth in lending. While this is a step in the right direction, the real culprit of them all goes unchecked, and that's the truth in pricing. Any given item can be raised from 10 cents to 20 cents overnight and nothing is said about it. Using this same formula, if a working man making \$2 per hour were to ask for \$4 per hour they would ship him off to some happy farm until he recovered.

I know I would welcome any lawmakers with enough intestinal fortitude to zero in on the truth in pricing, but I suppose it would be political suicide. If something were to be done in this area, it would make things easier at the "bargaining table" and probably prevent unfortunate situations such as we have from time to time.

It was stated in one of those letters of criticism that there are a few radicals in our union. I suppose there are radicals in any union or in any industry, but there are also just plain radicals who appoint themselves judge and jury on any given situation without knowing all the facts involved. The wise old Indian summed it all up best when he stated that we should never judge any man until we have walked in his moccasins for 10 days and slept in his tepee.

FISH

It is no longer news that we stand on the threshold of a sportsfishing boom in Northern Michigan. The goal for our lakes is 40 million salmon. The economic spin off in terms of increased tourist trade, new sales and all the rest staggers the imagination.

I can think of no state or federal government program where the investment has the potential for greater monetary return. It costs about five cents to plant one salmon fingerling. The economic return for each fish caught is estimated to be about \$30 to \$40 per fish. We

Aid Can Block Reds

By RAY CROMLEY

NORTHWEST THAILAND (NEA)—After going into the problems of this region with the Thai military, the border police and citizens with years of local experience, this writer is convinced there are a number of simple, inexpensive projects which would go far in turning the tide in north-west Thailand at this time when the Communists have not yet built up a strong local organization.

1—A good deal of the conflict between the government and the mountain people could be eased if Thailand could be helped to set up a stronger agricultural research program which would develop for these mountain regions crops which would be more profitable for the farmer than opium.

This is not as difficult as it sounds. Opium is highly profitable for a host of middlemen. But the average Thai mountain dweller gets but a pittance for what he produces. The tribesmen turn to opium

because they've been growing it all their lives and because they don't know anything else to grow in the opium season. A number of the more usual crops do not do well in these mountain areas.

But there are preliminary experiments which indicate that specially developed varieties of some food crops—with some modifications—might grow profitably in these mountains. A great deal more experimenting must be done.

Thailand, being a developing country, is short of scientists. What scientists there are are attracted away from government research by the wages that growing industries pay. Here is where outside aid is needed. It need not be American help. The Japanese are excellent at tropical agriculture. Their aid teams have done well in Pakistan.

2—Though it would be impossible financially to saturate the mountain areas with many schools in the near future, it would be possible to select several thousand of the younger potential leaders among the unhappy mountain tribes, bring them out for several years of basic education in the agricultural, commercial and administrative skills that would enable them to be positive leaders of their people.

This training would also qualify some of these young men and women for government posts in the mountain areas—and outside.

U. S. World War II experience in Burma, where branches of some of these same mountain tribes live, was that these men and women are, on the whole, highly intelligent and capable of a great deal of initiative—given training.

The limited amount of training the Thai government has thus far been able to afford for training potential leaders has already shown the ability of the Thai tribesmen.

3—There is good land available in parts of northwest Thailand on which it would be practical to resettle considerable numbers of the mountain people. The Thai government has started on a new lands program to do just this. But the government needs help in selling that program.

Bangkok is handicapped in part because it has not yet been able to develop a way to induce the young men to come down out of the hills and take up the new lands. The old

Opening lead—♠ Q			

If you like to overbid, go right ahead provided you restrict your overbidding to good hands and have learned to play your dummies resourcefully.

Midge (Mrs. Sewall) Cutler of Dallas followed these precepts with today's hand. Her seven clubs was quite an overbid but she had become unduly encouraged when her partner had first bid diamonds and then followed with spades.

Midge did have a good hand but when she looked over dummy she didn't like what she saw. She had no chance to make seven unless the diamond finesse worked. On the other hand, if it did work she apparently was one trick short unless the king of diamonds would drop doubleton or unless a squeeze could develop.

There was no reason to cross the squeeze bridge until she got to it. In the meantime Midge started by drawing trumps with three leads and discarding one heart from dummy on the third trump.

She had decided that if there were a squeeze it would be in spades and diamonds. Next she took the diamond finesse. It worked and business was looking up.

She cashed dummy's remaining high spade and ruffed a spade in her own hand. When East dropped the nine things began to look as if West had started with five spades. If that were so the squeeze was there. Midge led a heart to dummy's king and a second heart back to her ace. Then she played out her last two trumps.

West was able to jettison a heart on the first of these trumps. On the second he had to let a diamond go in order to keep his high spade. A diamond to the ace dropped West's king and the jack of diamonds was the 13th trick.

men, women and children come—but not the young men. Some way must be found to break down suspicion.

There are some parallels between northwest Thailand and the U. S. slum districts. No sweeping over-all program is likely to solve the problem in Thailand or in Laos. Solutions will have to be piecemeal. They will take considerable time to be effective. The most effective programs are likely to seem quite pedestrian. But added together, a number of simple down-to-earth projects may produce results.

Ann Landers

Stupid Doctor Has Mom All Shook Up

Dear Ann Landers: I hope you can answer a very important question for me. I am unable to eat or sleep and will go out of my mind if I don't learn the truth soon.

Many years ago, when I was 16, I became pregnant. The father was a young fellow I had been dating. He was four years older than I and marriage was not on his mind.

Someone told us that if I took ergot or quinine all our troubles would be over. I was about six weeks along and I tried both, but nothing happened. So we were married a few weeks later. Surprisingly enough, we have been quite happy and now we have five lovely children.

Last month our eldest son complained of backaches. We sent him to a specialist for X-rays and he received the results today. He was told he has two vertebrae missing.

The cartilage is there but not the bone. The specialist informed him it is a condition the doctors are expecting in the next generation as a result of LSD and other drugs the hippies are taking. He jokingly asked the boy, "What did YOUR mother do anyway?"

Ann, please tell me if the ergot and quinine I took early in the pregnancy injured this boy. I must know the truth, even if it's the worst. Much obliged.—LOAD ON MY MIND

Dear Mind: My medical consultants have assured me that ergot and quinine taken during pregnancy does not produce a deformity in the fetus. So stop worrying. (P.S. Someone should give that doctor 10 lashes with an old stethoscope. What a stupid thing to have said to the boy!)

Dear Ann Landers: I am a woman of 68 and I have a rather touchy question to ask. For over 40 years I have been friends with a certain lady who lives in the next block. Agatha tells people she is 73 but she is really much closer to 80.

This woman always wore thick glasses, even as a young person. I am sure her eyesight has failed badly in the last five years. I am also concerned about her deafness. Agatha wears a hearing aid but misses

BARBS

Thinking of something to give the boss for his birthday can provide one with hours of satisfying contemplation.

Nostalgia is the feeling you get as you recall how things never were.

Those who think burnt offerings went out of style with the ancients haven't eaten at the beany we patronize.

Another nice thing about a newspaper—the neighbors can't turn up the volume on it these windows-open evenings.

If the boss obviously has something on his mind, just pray it isn't you.

AND WHAT TITILLATING TREATS DOES THE REPORTER-IN-DEATH BRING FORTH? GIVE A LOOKY...

Questions And Answers

Q—Who is the custodian of the public moneys?

A—The Treasurer of the United States, not the Secretary of the Treasury.

Q—For whom is the Gregorian chant named?

A—St. Gregory, Pope of Rome from 590 to 604, who had made collections of the music used in the Catholic services.

Q—When was overseas telegraph communication inaugurated?

A—On Aug. 5, 1858, the first cable across the Atlantic Ocean was completed. Eleven days later, Queen Elizabeth and President Buchanan exchanged messages.

Q—Why was the shamrock selected as the national flower of Eire?

A—Because, according to legend, St. Patrick made use of the three small leaves of the shamrock to illustrate the doctrine of the Trinity.

Q—Why is Wyoming nicknamed the "Equality State"?

A—Because women were given the right to vote in 1869, one year after Wyoming was organized as a territory and 51 years before women could vote generally in the United States.

Q—What are the two units of time from which all others are computed?

A—The day and the year.

From the Files of the Escanaba Daily Press

25 Years Ago

Mrs. Marjorie Deo, well-known Escanaba painter, has donated two paintings to the home living room at the Escanaba Junior High School. One of the paintings is a scene of a Flat Rock farm and the other is a painting of the Escanaba lighthouse.

50 Years Ago

Miss Jean Kathryn Trantanel of St. Paul has been hired to fill the newly created position of children's librarian at the Carnegie Public Library.

Angus McGillis, son of Mr. and Mrs. Joseph A. McGillis, who was rejected in his application for enlistment in the United States Army because he was underweight, went on a weight-gaining diet of bananas and water. Said McGillis, "It won't take me long. I intend to eat a carload of bananas and drink a fountain of water if necessary." McGillis has three brothers who are presently in service.

Q—Who became the first Indian convert to Christianity in the American Colonies?

A—Pocahontas of Virginia, who was converted, baptized and given the Christian name of Rebecca.

IMPRESSIVE SERVICES At Gardens of Rest Cemetery and the unveiling of an "Old Glory" monument marked the observance of Memorial Day in the Escanaba area. The monument was unveiled by (left) John Anzalone and C. C. "Bud" Newell. The speaker of the day was Col. James Wren (standing)

and also pictured (seated, from left) are Claude Tobin, master of ceremonies, and Don Koish, past commander, Veterans Council, who presided at the unveiling. (Daily Press Photos)

No Elk Hunt Planned In '68

LANSING (AP) — There will be no special elk hunting season recommended for this fall, reports the State Conservation Department.

The elk herd in the Pigeon River area apparently has enough food and is causing no major damage to private property, game experts said.

Only one complaint of damage by elk was reported during the past year.

"Under our authority to hold elk seasons, it must be shown that the animals face food shortages or are causing substantial damage to crops," said Ralph MacMullan, department director.

"This just isn't the case, and that simply means we are not justified in recommending a season this year."

Rattlesnakes are native to every state in the Union.

Challenge Of Liberty:

War Tests Freedom, Declares Col. Wren

"War is not good, but the alternative of surrender of personal freedom and opportunity is worse," declared Col. James Wren of Escanaba at the Memorial Day services in Gardens of Rest Cemetery on Thursday.

"War is the forge upon which the metal of our freedom will be tested and tempered by those who would not have us free," he continued. "Each generation has had to face the challenge of maintaining liberty. And each generation has met that challenge and preserved our heritage of freedom and opportunity."

"No one offers you a world without problems, nor should you want such a world. For in the solution to problems there are opportunities," Col. Wren said.

In paying tribute to those who made their sacrifice in the cause of freedom, Col. Wren, a member of the staff of Bay de Noc Community College, noted that this was the 100th anniversary of the observance of Memorial Day. He asked the people of today to question whether they are worthy to inherit an America enriched by such sacrifice.

Facing Opportunity

The men the nation honors, whose memory it preserves, were known to Col. Wren "through four wars and a quarter of a century of professional soldiering," and were "the heroes, born of desperation, filled with courage and spirit of sacrifice."

He warned against being deceived by the "hippies" and the "radical new left" and their unconventional behavior which makes headlines. "Radicals demonstrate against the world. Hippies drop out of the world."

"There are encouraging signs that we the people are beginning to believe that we cannot turn our society over to the tyranny of a minority. It is to the vast majority that the problems of our society and our country become opportunities. Opportunity resides in the solution to the problems we face as a united and free people."

Sponsored By Veterans

By choosing opportunity Americans will recognize personal freedom and their responsibility, he said.

"Opportunity is in essence the spirit of your inheritance, your future and the purpose for which brave men have sacrificed. There is opportunity in our future — opportunity preserved by the courage and sacrifice of these honored dead."

Col. Wren's address and the unveiling of a memorial "Old Glory" monument of marble and bronze at Gardens of Rest Cemetery climaxed the Memorial Day program that included a parade and visits to the graves of the war dead in all cemeteries of the area.

The program was sponsored by veterans organizations of the community and Claude Tobin was master of ceremonies. Participating in the service were commanders of veterans groups including:

Ernest Briere, Veterans of Foreign Wars; Robert Saykily, Amvets; Roman Gill, American Legion; Clarence Sturdy, Disabled American Veterans; and William Garbett for Commander Nelson Sorault, World War I Veterans.

Unveil Memorial

Escanaba Mayor Cecil B. Chase noted the significance of Memorial Day and expressed the hope for an early and honorable peace; and Past Commander Don Koish of the Veterans Council presided at the unveiling of the memorial monument for Ray Robitaille, who was absent because of a death in his family.

Memorial rituals were conducted by Lorraine Briere, president, VFW Auxiliary; Olga Matthews, representing the Gold Star Mothers; and Chaplain Al Provencher, American Legion.

The invocation was by Fr. Isadore Walter and the benediction by the Rev. Karl Hammar.

The morning parade on Ludington Street, ending at the Municipal Dock where a brief service was held for the men who died at sea, included three marching bands — City Band, Escanaba Area Public Schools, and Holy Name High School.

Others participating were the Gold Star Mothers, veterans organizations, Girl Scouts, Brownies, Campfire Girls, Boy Scouts, Cub Scouts, 4-H Riding Club and others.

Kincheloe Air Base, which had scheduled a fly-over of jets in the afternoon, reported it found it necessary to cancel the flight.

Briefly Told

A breaking and entering of a hunting camp on the Stonington Peninsula is under investigation by State Police. Ida Williams, Rte. 2, Rapid River, reported the entry to the camp. Nothing was reported missing, officers said.

Cloverland Post 82, American Legion, will meet at 8 p. m., Monday at the clubrooms. Election of officers will be held. Ballots will be issued between 7:30 and 8 p. m. Delegates also will be chosen to attend the U. P. Legion Convention at Ishpeming June 14.

Mary K. Austad, 17, of 2200 3rd Ave. S., who was injured in a car-motorbike accident last week, was transferred by ambulance plane Thursday to University Hospital, Ann Arbor, for continued treatment and therapy. Her condition was reported as improved. Miss Austad's left leg was amputated at the knee after the accident.

Escanaba firemen were called to the Donald McKaig residence 1806 1st Ave. S., at 8:20 a.m. today when a light bulb started a fire in a clothes closet. There was slight damage.

Honor For Lenore

LANSING (AP) — Mrs. Lenore Romney, wife of the governor, will receive an honorary doctor of humanities degree from Eastern Michigan University at commencement exercises June 8.

Order 23 Men For Induction

Twenty-three young men will report for induction into military service at 7:30 a. m., next Wednesday, Mary M. Wagner, clerk of Local Draft Board 21, reported today.

Men reporting to the Selective Service office in Escanaba, 1103 Ludington St., will be taken to the Milwaukee induction center by bus.

Robert L. Whipple, Rapid River, was named leader of the group.

Also ordered to report are: David E. Collins, Dennis P. Vanlerberghe, Dean D. Dye, Richard P. Henderson of Escanaba; Peter D. Lake, Gerald A. Pepin, Terry L. Demeuse, Robert L. Helman and Ronald K. Towns of Gladstone.

Fredrick E. Ring of Gwinn; Felix J. Sacheck and Gerald A. Olson of Bark River; Dennis M. Gauthier of Schaffer; Dennis J. Verbrigghe and Jimmy J. LaCrosse of Rock; Thomas J. Miron of Nahma; Thomas E. Nelson of Rapid River, and Mark S. Depuydt of Perkins.

Orders for Donald L. Cooper Escanaba have been transferred to Roseville, Mich., for Michael H. Olsen, Escanaba, to St. Ignace, and Sandor F. Backs, Rapid River, to Lansing. Orders for Roger A. Boggs of Perronville were transferred to Delta County from Menominee.

The July call is for three men and orders to men selected will be mailed as soon as the date for reporting is received.

Weatherby Will Get Utah Degree

The University of Utah, Salt Lake City, announces that Joe Norman Weatherby, Jr. of Brownwood, Tex., is a candidate for a Doctor of Philosophy degree in Political Science at commencement on June 7. Advanced work towards the degree included a thesis entitled, "Spanish Colonialism in Africa". He is a former member of the faculty of Bay de Noc Community College, which he left in 1966.

Pic. W. B. Johnson

Young Soldier Wounded; Will Return To U.S.

Pfc. William B. Johnson of Flat Rock was wounded May 9 at Dang Ha and will be returned to this country for further treatment after a month's hospitalization in Japan.

The 21-year-old soldier suffered arm and nose wounds from gunfire that will require plastic surgery. He is the son of Mr. and Mrs. William H. Johnson of Flat Rock.

He is a 1965 graduate of the Escanaba Area High School and attended Bay de Noc Community College for one and one-half years before entering the service.

Johnson entered the service last year, trained at Fort Campbell, Ky., and at Fort Polk, La., and in early April shipped out for Vietnam from Fort Lewis, Wash. He had been seeing action for about 13 weeks at the 17th parallel before being wounded.

Aid Negro College

EAST LANSING (AP)—Michigan State University students donated \$3,135.72 in a campaign this week for a project to help Negro students at Rust College in Holly Springs, Miss., this summer. Officials of Student Educational Project (STEP) said Thursday that the additional funds will enable them to send 31 MSU students to the Mississippi college for five weeks.

Rock

Among the graduates of Bay de Noc Community College Sunday, May 26, were Janet Barron and Sally Waak. Janet received an Associate of Arts degree and Sally, Associate of Applied Science. Both are 1966 graduates of Rock High School.

Mr. and Mrs. John Rajala of Flint, former Rock residents, are visiting at the John Jokela home for the Memorial Day weekend.

Mrs. Lauri Ranta is visiting in Chicago with her son and daughter-in-law, Mr. and Mrs. Marvin Ranta and will accompany them to Omaha, Neb., where they will visit with Kenneth Ranta, another son.

Warmth Is Ranch Feature

By ANDY LANG

Traditional in appearance, with an air of warmth and comfort, this ranch would be an attractive addition to any community in any part of the country.

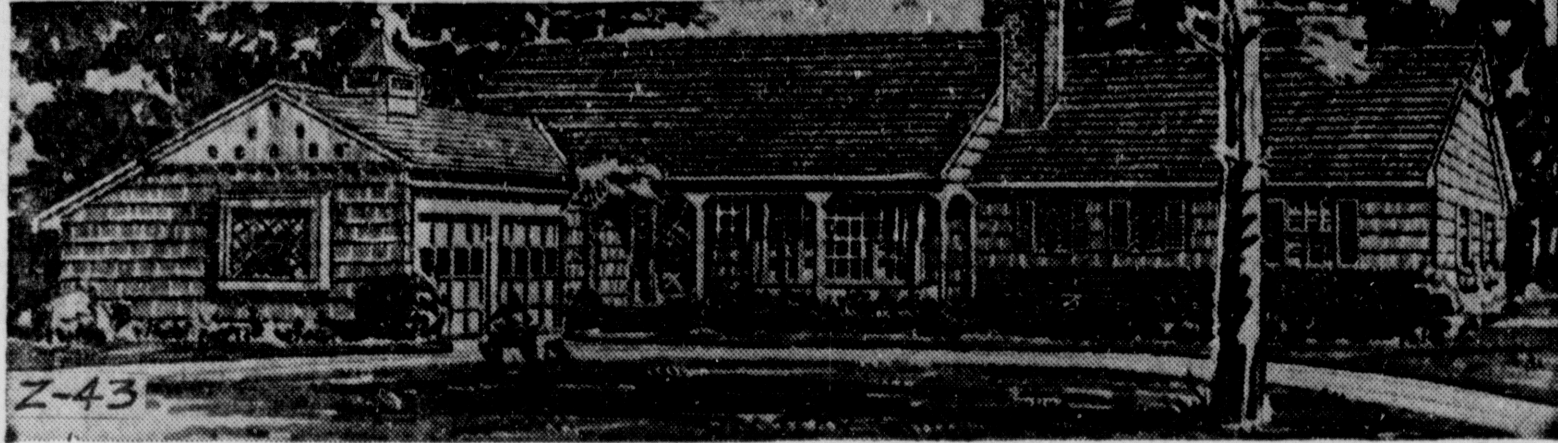

The exterior tastefully blends walls of hand-split shingles with a touch of brick veneer, both in harmony with a long ridge roof line divided to relieve the monotony of a straight profile. The louvered cupola, massive cement-topped chimney and diamond-paned box bay window in the garage all seem to fit naturally into the picture of a home that breathes hospitality.

Speaking of the garage, note that it juts out from the left side of the house, with the driveway running parallel to the main structure. This raises the overall dimensions to 74' by 66' 8", but a considerable part of the depth figure is due to the placement of the garage. Actually, much of the space is

occupied by shrubbery and other landscaping.

A covered, long portico leads to the centrally-located entranceway and foyer. The latter combines spaciousness with a convenient starting point for traffic flow. Directly to the rear of the foyer is a sunken living room, the two being separated by a wrought iron rail. Featured in the living room is a large picture window unit set in a box bay. To the left of the living room is the formal dining room, with a wrought iron rail again acting as a divider but without cutting the open view of more than 32'.

To the right of the foyer, architect William G. Chirgott has placed a wood-paneled family room with a brick-faced fireplace that is visible almost immediately after entering the front door. While the family will like this room, it is Mom in particular who will love the kitchen layout. Over 23' long and equipped with the most

TRADITIONAL COMFORT. Even those who favor contemporary styling are likely to admit the comfortable charm of the traditional features incorporated in the exterior of this

three-bedroom ranch. Everything seems to fit together without any jarring architectural note.

modern appliances, it has a world of counter and storage space, plus a dinette area large enough for all day-to-day meals rather than for breakfast only. This means that the regular dining room need be used only for formal affairs and special occasion. Besides the window over the kitchen sink, there is a large window area in the dinette section. Between the kitchen and the garage is the laundry room,

Z-43 STATISTICS

Design Z-43 has a sunken living room, dining room, kitchen-dinette combination, family bedrooms, 2 1/2 baths, a family room, foyer and laundry room, with a habitable area of 2336 square feet. The over-all dimensions are 74' by 66' 8", which include the two-car garage, driveway and front lawn. Entrance is via a large covered portico.

which contains a pantry closet for the storage of canned foods as well as cleaning supplies and equipment. The laundry room has two doors, one leading to the outdoors and one to the garage.

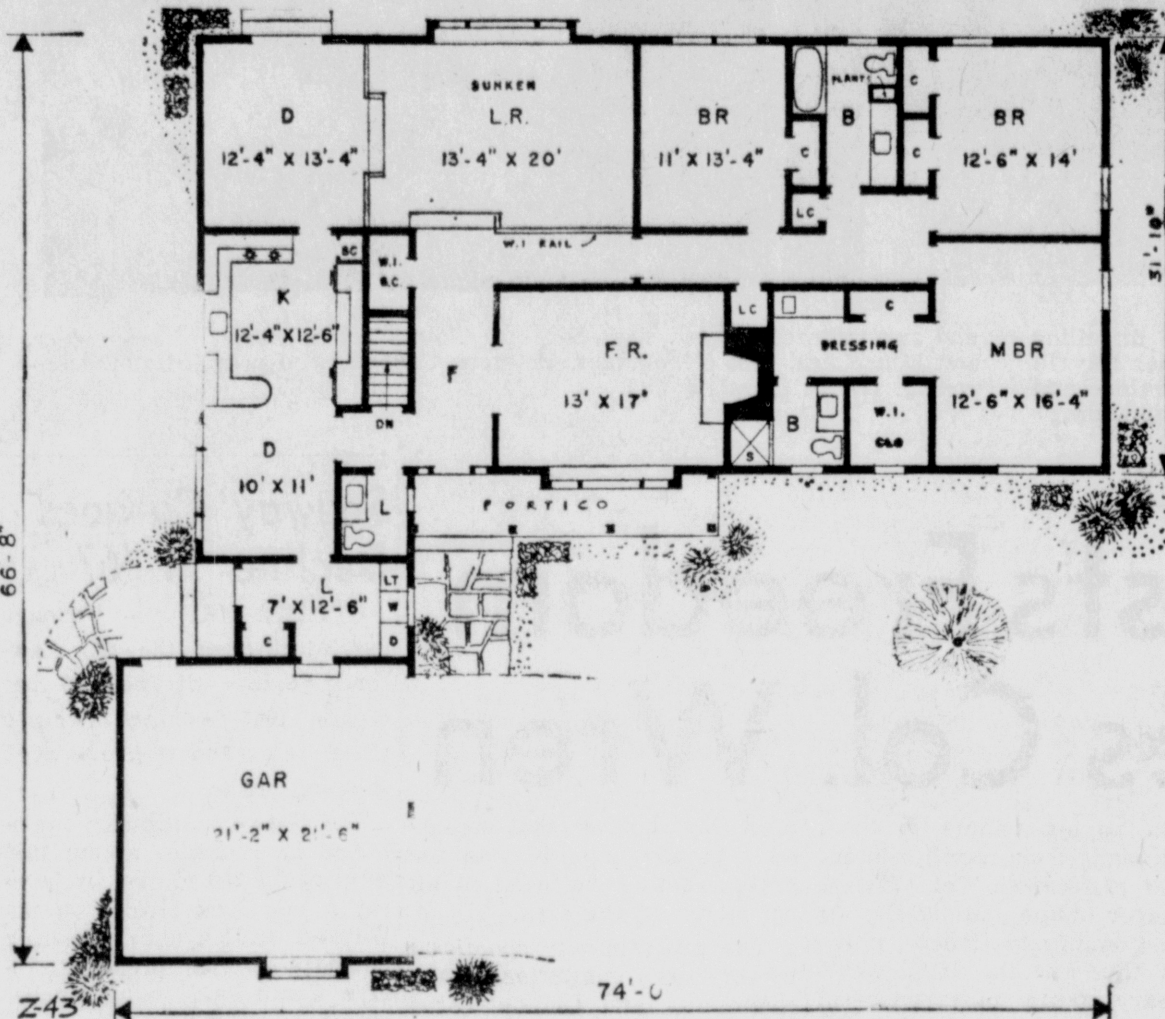

The bedroom wing is at the right side of the house. The two rear bedrooms, with the main bathroom between, will accommodate most furniture arrangements. The master bedroom, also with excellent wall space, has a dressing area with two spacious closets, one of which is a walk-in of considerable size. There is also a vanity with full-length mirror. The master bath is fully tiled, with a glass-enclosed stall shower.

The plans call for a full basement which could be used for a recreation room and a workshop in addition to the necessary utilities. But even without this space, there are 2336 square feet of habitable area for a family oriented to ranch house living.

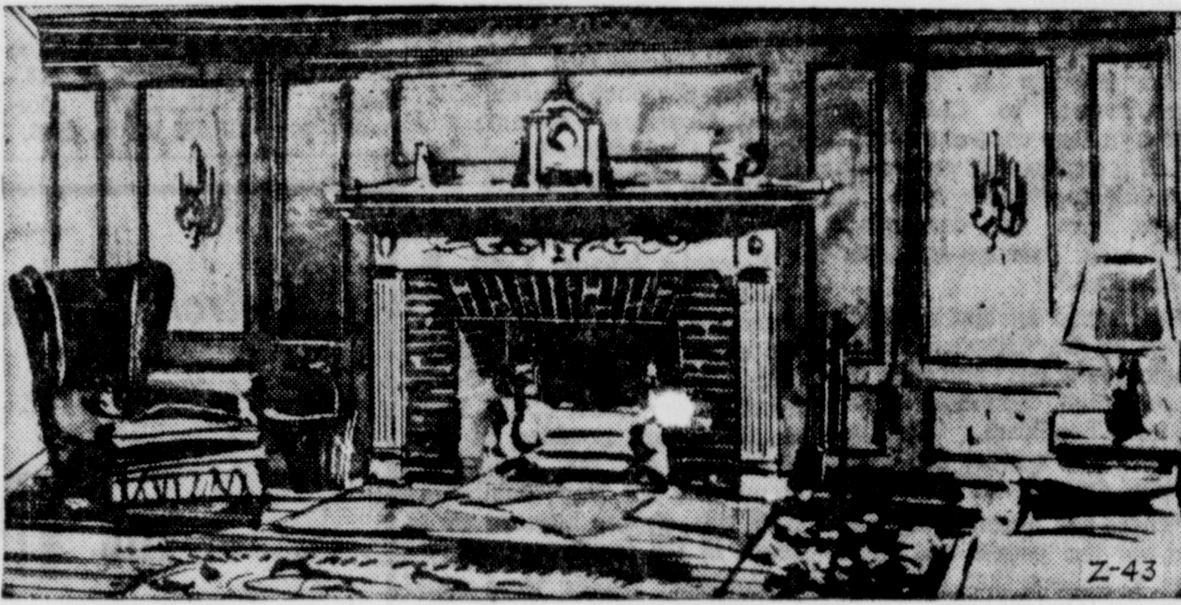

Sea creatures are extremely adept at extracting chemicals from the ocean. The element vanadium was not known to exist in sea water until it was discovered in the blood of tunicates and sea cucumbers. Iodine is rather scarce in ocean water, but seaweeds contain vast amounts of it.

FLOOR PLANS: Long open views are much in evidence here, with only wrought iron rails dividing the living room and the formal dining room, and with an extra-long kitchen which permits a considerable part of it to be used as an informal dining area.

FAMILY ROOM: This is the interesting view of the family-room fireplace from the front-entrance foyer. The room has another feature: a box bay window, not shown here.

Legislators Can Escape Lansing's City Tax: Kelley

LANSING (AP) — Atty. Gen. Frank Kelley has ruled that a bill providing that members of the Legislature shall pay the city income tax only in their cities of residence is legal and constitutional. Lawmakers are seeking the

measure to avoid paying a Lansing city income tax on any portion of their legislative salaries.

"Without expressing myself on the wisdom or motive, or the justice or fairness of this legislation," Kelley wrote in his opinion, "I am of the opinion that House Bill 4144 (the tax exemption legislation) does not violate the uniformity and equal protection provisions of the Michigan Constitution of 1963."

Convention Decisions Told To Delta Nurses

Monday night at the monthly meeting of the Delta District Nurses Association conducted at the House of Ludington, Mrs. Geraldine VanEnkevort, Michigan delegate, reported to local nurses on the many issues and decisions reached at the American Nurses Convention in Dallas, Texas. Some 8,000 nurses registered at the annual convention where 1,200 exhibitors were present.

Topics
Important items of business included: the removal of the no-strike policy for nursing; approval of a resolution on selective service for nurses in the event of a national emergency; the salary pronouncement for entrance of registered nurses into the practice of nursing to be a minimum of \$7,500 for those with an associate or diploma degree and \$8,500 for those with a Baccalaureate degree in nursing; the adoption of a national retirement fund; election of Dorothy Cornelius, former executive director of Ohio State Nurses Association, as president of the American Nurses Association.

The withdrawal of ANA's national no-strike policy leaves it to the individual state Nurses Association to make their own policy decisions consistent with the law and the nurses' professional responsibility. The policy of the state Nurses Association should meet the needs of nurses in that state as the reality of active economic security programs must be met.

The ANA also supported the resolution which approved selective service for nurses in the event of military conflict in which the nursing needs of the armed forces could not be met through the recruitment of volunteers and employment of civilian personnel.

Retirement Plan
The house of delegates also approved a national retirement plan which will be available to all nurses in all settings within six months to a year. The plan provides for both individual and group participation. It will be started by ANA and be self-administered.

The concern for nursing

practice dominated the opening house session. More emphasis was placed on individual competence as a criteria in accepting delegated responsibilities and assigning nursing activities to others. The need for the improvement of standards of education for nurses was also recognized. All divisions of nursing practice were covered during the opening house session.

Topics included discussion of nurse-patient relationships in terminal patients, care of the amputee with contracture, sensory intake of immobilized female geriatric patients, myocardial infarct, open heart surgery, rehabilitation, and community service.

Consideration was also given to the major health issues facing society—such as the modification of existing abortion laws where they have proven inadequate, and the demonstrated relationship between cigarette smoking and chest and heart disease.

Spring Festival Held At Rock

ROCK — The annual Spring Festival at the Rock School was presented Tuesday evening by grade school pupils, chorus and band members.

Songs and acts were presented by the kindergarten, first and second grades, second and third grades, fourth and fifth grades and fifth and sixth grades. Piano solos were offered by Carol Weingartner, Jennie Sacco, Debra Sharkey, Jeff Johnson; piano duets by Mary and Elizabeth Lepisto, a piano trio by Debra Sharkey, Emily Vermote and Rose Lippens. Pamela Sharkey presented a vocal solo accompanied by Debra Sharkey.

The girls chorus offered two selections, accompanied by Carol Kulack. The chorus, piano numbers and grade selections were under the direction of Mrs. John Kaminen.

The school band offered several selections under the direction of John Violetta.

Elementary French Classes Planned Here

A beginning program in Elementary Conversational French is planned here this summer. The classes are open to students who have completed the fourth or fifth grades in either the parochial or public schools.

The summer session will be held from June 17 through July 26. Classes will last for 45 minutes. The classes are being offered at St. Thomas School and the First Methodist Church.

The teacher for the class is Miss Barbara Hammerberg, a graduate of Northern Michigan University who has taught French for the past two summers. Last summer she attended an N.D.E.A. Institute at the University of Akron. The institute emphasized teaching of French to elementary students.

For further information, parochial students should contact their local parish priest and public school students, their school principal.

Coffee Hour At First Methodist

The Woman's Society of Christian Service of the First Methodist Church will hold a coffee hour at the church on Sunday, June 2, at 10:30 a.m., to honor the students graduating this year.

Graduates from the church are: Barbara Bryers, Kristin Foster, Bill Hebert, Janice Jensen and Sue Plowman from Escanaba Area High School; John Hebert from Northern Michigan and Sharon Bryers from Bronson Hospital.

'Circus Days' Planned At Public Library

Boys and girls of Escanaba are invited to "perk" up their summer and join the Escanaba Public Library's "Circus Days." This will be a Reading Club, for fun, and will be held June 1-Aug. 31.

The club is directed to all children in grades one through five — though all children are welcome to join.

Members of the club can win a pin or earn a certificate and a "Fun Day" will conclude the program.

Children are to sign up in the Children's Room of Escanaba Public Library.

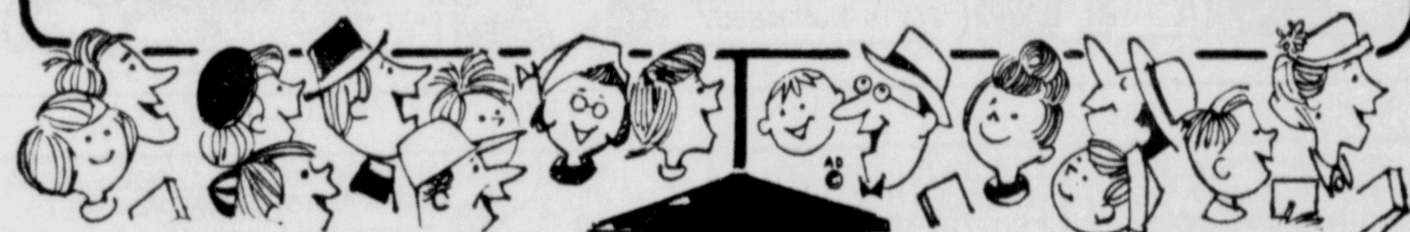

Bark River Church School

Vacation Church School will be held at Salem Lutheran Church June 3-7 from 9 a.m. until 3:30 p.m. Nursery and kindergarten classes will be dismissed at noon. Other children are to bring a sack lunch and Kool-Aid will be furnished.

Teachers include: Mrs. Elroy Palmgren, nursery; Mrs. Gerald Viaw, kindergarten; Mrs. Roy Bergstrom, grades 1, 2; Mrs. Eugene Hanson, grades 3, 4; Rev. Charles Beckingham, grades 5, 6.

Huge Crowd Sees Thrilling Races

A Memorial night crowd of 2,050 witnessed the most exciting night of stock car races this season at the U.P. Fairgrounds in Escanaba. The track was in excellent condition with the fastest times of the year turned in.

Three spectacular roll-overs kept the crowd on the edge of their seats. In the first heat, Harold Brazeau of Soo Hill, rolled over four times with his car landing on the roof. The car was badly damaged and Brazeau was uninjured except for a stiff neck. Two other roll-overs highlighted the action with Boyd Widdis of Manistique flipping in the first heat, and Bob Fayas of Kingsford rolling in the feature. No one was injured.

Bob Iverson, averaging 59.01 miles per hour, captured the modified feature. Iverson who had the fastest time of the evening started in the back of the lineup but moved into the first position after seven laps and held off the challenge of Jerry Richer for the win.

Ed Provo was the only double winner for the evening. Provo won the first modified heat and then came back to capture the semi-feature. In each race he quickly moved out to an early lead and was never challenged.

In the sportsman feature the lead changed hands three times before John Nelson captured first. The race had several wrecks and had to be restarted twice to clear the track of wrecked cars.

Jim Barron, averaging 50.93 miles per hour, captured the fast third heat for sportsmen.

Results, modified:
First heat, 1. Ed Provo, 2. Orvis Valiquette, 3. Russ Nelson.
Second heat, 1. Ed Pawley, 2. Jim Valiquette, 3. Allen Yelle.

National League Contests Prove Interesting Until Last Out Made

By The Associated Press
National League baseball consumed 12 hours, 52 minutes on Memorial Day from the time the first pitch was thrown at Pittsburgh until the last out was recorded at St. Louis.

In between, some interesting things happened.

—Like the St. Louis Cardinals scoring six runs—their highest total in three weeks.

—Like the New York Mets sweeping a doubleheader.

—Like Bob Aspromonte driving in two runs on a force out.

—Like Ed Kranepool driving in two runs.

The Cards, locked in a hitting slump that dumped them to fourth place with 11 losses in 13 games, woke up with a 6-0 victory over San Francisco. Houston battered Atlanta 11-0. New York swept a twinnish that started in mid-morning from Pittsburgh 6-3 and 5-4, and Los Angeles dropped Cincinnati 5-3. Chicago's game at Philadelphia was rained out.

Thirteen doubleheaders had come and gone since the Mets last swept one. But the ingredients were right Thursday.

First, the opponents were the Pirates, victims of the last Met sweep back in August, 1967. Then there was the bizarre

Mantle Stars In Yankee Victory Over Senators

By The Associated Press
Memorial Day against Washington usually gives Mickey Mantle something to remember. Most any day against Oakland gives the Boston Red Sox something to forget.

The mighty Mickey, last of the New York Yankee superstars, enjoyed one of the most productive days of his illustrious career Thursday. He

whacked two home runs, a double and two singles and drove in five runs as the Yankees walloped Washington 13-4 in the opener of a doubleheader. The Senators bounced back to take the nightcap 6-2.

Exactly 12 years earlier—Memorial Day, 1956—Mantle slammed a pitch from Washington's Pedro Ramos off the facade of the Yankee Stadium roof. It missed by only a few feet of being the first fair ball ever hit out of the big Bronx ballpark, a still unaccomplished feat.

While Mantle was slugging, the defending American League champion Red Sox were slumping. The upstart Oakland A's shelled them 6-2 behind Lew Krausse's four-hitter and pulled

into a fifth-place tie with the Sox and Yankees. Oakland has beaten Boston six of seven this season.

Elsewhere, Detroit whipped California 7-3. Baltimore blanked the Chicago White Sox 5-0 and Cleveland nipped Minnesota 3-1.

Mantle began his big day with a two-run homer in the first inning. He singled and scored in the third, homered again in the fifth, doubled home a run in the sixth and singled in another in the eighth. The homers were his fifth and sixth of the season and gave him a career total of 524, 10 behind Jimmy Foxx, No. 3 on the all-time list.

Thursday's first homer came off Joe Coleman, who struck Mantle out four times in a game at Washington last week.

"That was on my mind," Mickey admitted. "In fact, I was batting on the defensive. I sure will never forget a pitcher who strikes me out four times in one game."

In the second game of that 1956 twin bill, Mantle socked a tape measure homer off Camilo Pascual. But the aging Mickey sat out Thursday's nightcap as Pascual and Darold Knowles mowed down the Yanks with homer help from Fred Valentine, Ed Stroud and Bernie Allen.

Krausse not only won for the first time in his home park after four defeats but hit a key two-run double in the second inning. The A's pounded 13 hits, including Sal Bando's third homer as the Red Sox absorbed their fifth loss in the last six games.

The Orioles kept pace as Dave Leonhard fired a two-hitter at the White Sox, who have lost seven of their last eight games.

Baltimore, which has won seven of eight, scored three times in the third inning off Bob Priddy on one hit and five walks.

Cleveland jumped back into third place by a half-game over Minnesota. Sam McDowell hurled a four-hitter and fanned 10 Twins. Tony Horton drove in all the Indian runs with a first-inning single and a two-run homer in the third.

Minor League Tryouts Begin

With Little League and Babe Ruth League officially started for the 1968 season, the next organized baseball program is the Minor League for boys 8 to 11 years of age. This program will begin after the close of school and the first tryout is scheduled for Thursday, June 13, at the Minor League field on the Lemmer School playground at 6 p.m.

All boys 8 to 11 interested in participating are asked to report with their birth certificates or some other proof of age. Pre-registration will not be necessary and candidates can pick up the necessary forms at the tryout.

Registration for recreation league baseball will begin after the Minor League is fully organized. There are no tryouts for this program and the only requirement is a desire to play baseball or softball. Hardball will be offered to the boys 7 to 10 years of age but boys 11 to 17 will have a choice of hardball or softball or both.

An athletic program for girls will be offered at Royce Park this summer under the direction of members of the College Work Study Program who will be placed on the staff of the recreation department through the cooperation of Bay de Noc Community College. Girls of the area may choose one or more of the following activities: Softball, volleyball, badminton, and track.

The Arts and Crafts programs which were so successful last summer will be offered again at Royce Park and the Webster Playground beginning on Wednesday, June 19. These programs will also be conducted by members of College Work Study Program.

Swimming lessons for all age groups will be held in the mornings this summer between 10 o'clock and noon. Registration will begin on June 24 with formal lessons for city residents starting on Friday, July 5, and for youngsters living in the townships on Tuesday, July 9.

Felipe Alou trapped the ball and Staub and Thomas scored but Wynn was cut down at second for the out. Two RBI, one force play.

Mike Cuellar went the distance for the Astros, scattering seven hits.

The Cardinals busted loose in the first inning against the Giants with consecutive home runs by Mike Shannon and Tim McCarver keying a four-run rally.

That was plenty for Steve Carlton, who breezed to his sixth victory of the season and first ever over San Francisco. The four-run single-inning flurry matched the Cards' total production in all but two games this month and the six runs were the most they managed in any game since May 4.

Los Angeles parlayed 13 hits and 10 walks to its victory over the Reds with Claude Osteen getting the victory.

Cincinnati Manager Dave Bristol was so disturbed with his club's performance that he ordered a post-game batting drill, issuing many of the practice pitches himself.

Tigers Stay On Top; Victory Cops Series

DETROIT (AP) — "The Tigers looked like the best team in the American League for the past four games."

Thus spoke Bill Rigney, manager of the California Angels, in praise of the league-leading Detroit club after a four-game series in Anaheim, Calif., which was climaxed by a 7-3 Tiger victory Thursday.

Merchants Win Second Contest

The Escanaba Merchants and the Teamsters scored victories in Wednesday night's league softball action. The Merchants defeated Trenary, 6-2, at Trenary while the Teamsters dumped Flat Rock, 5-1, at Memorial Field.

The Merchants scored one run in the first on singles by Bill Goodreau, Don Martineau and Bob Corriveau and added three runs in the second, one in the fifth and one in the seventh. Trenary scored both of their runs in the second inning. Corriveau led the Merchants in hitting with three hits in four at bats and Martineau had a triple and a single in three trips to the plate. Corriveau was the winning pitcher while Sonny Pesanen took the loss for Trenary.

The triumph gave Detroit the series, three games to one. It left them at the top of the heap in league standings, with a 1 1/2-game edge over second-place Baltimore.

Tiger Manager Mayo Smith, happy over his team's performance, cautiously said the club "has a lot of potential."

But, he added, "43 games are a long way from 162, and every time somebody gets hot in this league, they talk about them running away with it."

Detroit has won 27 of those 43 games, for a season average of .628.

In winning the Memorial Day encounter, Tiger right fielder Jim Northrup drove in three runs and Fred Lasher shut off a California rally after winning pitcher Joe Sparna was knocked from the box in the eighth inning.

The Tigers jumped on loser Rick Clark, forging a 3-0 lead in the first 3 1/2 innings.

Sparna is 4-4, and Clark 0-4 for the season.

A walk to Bill Freehan and a double by Willie Horton cost Clark a run in the second inning. A triple by Dick McAuliffe and a sacrifice fly by Northrup added another in the third.

In the fourth, a walk to Freehan, a single by Horton, a passed ball and a wild pitch let in Detroit's third run.

Freehan and Northrup hit solo homers in the sixth and eighth innings, respectively, and both had run-scoring singles as the Tigers picked up two more in the ninth.

Sparna was knocked off the mound when Roger Repoz singled and Don Mincher homered for two runs, and Chuck Hinton also singled.

Lasher got Tom Satriano, the

potential tying run, to hit into a double play.

The Tigers open a four-game series with New York tonight, including a Sunday doubleheader.

With one week of play under their belts, Escanaba Jaycee Little League teams are running true to form with Rotary, and Kiwanis picking up two victories in the young season. Against the Lions, Kiwanis got steady pitting from Steve Gauthier and some timely hitting from Mike Peterson to win 3 to 0. Lions had nine base runners but could not dent the strong Kiwanis defense to score.

Rotary had an easier time of it as Jim Nevala won his second game of the year as he beat VFW 10 to 2 on a 5 hit effort. The heavy hitting assault by Rotary was led by Al Schwalbach who rapped out three hits including a 3 run homer in the second inning.

The Eagles got on the victory trail as they staged a Frank Merriwell finish to score 3 runs in the final inning without the benefit of a hit and beat Exchange 3 to 2. While Steve Thorin came up with his second good pitching effort of the season, it was a particularly bitter loss for Tom Peterson who allowed no hits and walked only two in absorbing his first loss for Exchange.

In the final game of the day, Brian Douglas tossed a two hitter at the Bankers to give Credit Union its first victory of the season by the score of 4 to 1.

Unser Triumphs; Turbines Fizzle

INDIANAPOLIS, Ind. (AP) — Bobby Unser had a big grin on his face and an undetermined amount of prize money in sight as he discussed his victory—and the failure for the second consecutive year of the imposing turbines—in the Memorial Day 500.

"I couldn't believe it," Unser said after whipping across the finish line in front after the three powerful turbines entered by Andy Granatelli had faltered and failed—one within sight of the finish line. They included the leading qualifiers and the race leader for 32 laps.

"I feel they missed the best chance they had in their lives," Unser said. "I said before the race if Granatelli didn't win this one he ought to pack up and go home. The best I can figure, the good Lord just didn't want them to win."

Unser's prize money will be announced tonight at the traditional victory dinner.

It depended on attendance, cut by prolonged rain that made the infield a quagmire, and on the accessories Bobby carried on his American Eagle and its turbocharged Offenhauser engine.

Fans, meanwhile, to whom the \$750,000-or-so purse has only an academic interest, marveled at how close Thursday's script came to following that of 1967, and how true it is that a race driver who won't be beaten often isn't.

The 34-year-old Unser, who has had two racing brothers, a racing father and two racing uncles, simply charged until his strongest competitors—notably the favored Lotus turbines—fell apart. He has done that—beating whoever faced him—in four straight U.S. Auto Club championship races.

The stick for his own low gear failed, costing him precious seconds on the three compulsory pit stops. He saw his brother Al crash in the southwest turn, noted he was apparently unhurt, and continued charging.

These Unser boys were running on the track where their brother Jerry was killed in 1959. They also lost an uncle in a stock car test run.

Bobby, winning for the first time, led three times in the race but appeared hopelessly behind Lotus turbine driver Joe Leonard with the end almost in sight. Then, with 20 miles to go, Leonard's turbine died and he coasted off the track,

Unser said, "I said before the race if Granatelli didn't win this one he ought to pack up and go home. The best I can figure, the good Lord just didn't want them to win."

100,000 Boats Are Unregistered

LANSING (AP)—Secretary of State James Hare reports one out of five of Michigan's motorboat fleet hasn't been registered as yet although the first big boating weekend is underway.

Hare said this amounts to 100,000 boats out of Michigan's estimated 500,000 motorboat fleet.

Hare added that boat registration plates are needed on all watercraft 16 feet or longer using the great lakes or connecting waters.

Fr. Koehler Will Get Mission Cross June 9

Capuchin Father Kirk Koehler, son of Mr. and Mrs. Ervin Koehler of 814 Superior Ave., has volunteered for missionary work in Nicaragua. To mark the occasion of his departure for the missions, he will offer the 10 a.m. Mass at All Saints Church, on Sunday, June 9. At the end of the Mass, Monsignor Matt LaViolette, pastor of All Saints Parish, will present Father Koehler with his mission cross.

In talking about why he had volunteered to serve in the missions, the Capuchin Priest said, "I'm not real sure why I wanted to be a missionary unless it was to help the underdog, the lesser privileged. I wanted to serve people very much in need but little served, to show these people that God cares, that God loves, by coming to them."

"I know much of my attitude came from my home where my parents showed much love and generosity in raising a large family," he said. "I want to share what I have with other people, especially the forgotten ones."

"My appreciation for my call to do missionary work has been greatly increased by two summers working with the Cheyenne and Crow Indians in Montana, and this past year working with Spanish migrants in the Milwaukee area," he went on. "I know that these people need God's message too but there seems to be more men called to this service at home than to the foreign missions."

Father Koehler will be assigned to the Diocese of Esteli in the mountainous area of North Central Nicaragua. There are only 13 priests, including 5

Rev. Kirk Koehler

American Capuchins, to serve the 160,000 Catholics in the Diocese. The average parish has 12,000 to 15,000 parishioners spread over many valleys.

Father Koehler will leave for

Nicaragua on June 22. He will spend two weeks touring his future area of work and then he will go to South America for special language and cultural studies. He will attend the Marykoll Fathers Language School at Cochabamba, Bolivia which is near the capital city of La Paz. Upon completion of his studies, he will return to the Diocese of Esteli in Nicaragua for assignment.

Father Koehler graduated from All Saints Parochial School in 1954 and then entered St. Lawrence Seminary at Mt. Calvary, Wis. He joined the Capuchin Order in 1958 and was ordained a priest on October 6, 1966. He completed his theological studies in June of 1967. For the past year, he has been in special studies in Milwaukee.

Father Koehler will visit with his family in Gladstone from June 1 to June 17.

The Gideons are associated with the placing of Bibles in hotel rooms.

Federal Debt Interest Hiked

WASHINGTON (AP) — The cost of paying for the federal debt—already at record levels—will go even higher than originally thought this year because of the current period of tight credit.

The increase, however, is expected to be relatively small.

Interest payments on the federal debt are now expected to be close to \$14.5 billion for the fiscal year which ends June 30, or about \$150 million more than anticipated last January.

This would mean a year-to-year increase of about \$1.1 billion from the \$13.4 billion actually paid to carry the debt during the previous fiscal year.

The cost of borrowing money in the current inflationary period has increased rapidly even for the Treasury Department which can command the lowest rates in the country because its securities are considered the safest of all investments.

The extent of that spiral was underscored here by Chairman Arthur M. Okun of the Council of Economic Advisers, who said the nation is experiencing an inflationary epidemic that even a tax increase could not quickly cure.

Private 'Police' Control Okayed

LANSING (AP) — Michigan State Police would have firm control over private "police" and security agencies—who they were, how they dressed and what they called themselves—under a bill passed by the House.

The measure, introduced by Sen. James Gray, D-Warren, and given 80-9 House approval, returns now to the Senate for consideration of House amendments.

All such private security agencies would be required to have licenses from the State Police Department and to meet stringent requirements spelled out in the bill.

Ineligible for a license would be anyone not a U.S. citizen, under 25, lacking the equivalent of a high school diploma, dishonorably discharged from the Armed Forces, or under sentence for a felony within the previous five years.

Hemophilia Week

LANSING (AP)—Gov. George Romney has proclaimed June 2-8 as Hemophilia Week in Michigan. The governor urged support of the Michigan chapter of the National Hemophilia Foundation, which supports research into the disease, often fatal or crippling to young children.

Card of Thanks

Holochwost

We with to thank our neighbors and friends for their thoughtfulness during our bereavement, the loss of our dear mother and grandmother, Josephine Holochwost. We especially thank Rev. Thomas Dunne, of the staff of St. Francis Hospital, staff of Pinecrest Medical Facility, those who sent flowers, spiritual bouquets, the ladies who served the dinner, the Boyle Funeral Chapel and those who in anyway helped to lighten our sorrow.

The Children of
Josephine Holochwost

Gladstone Student, 21, Dies Of Crash Injuries

A young man from Gladstone who would have graduated from Michigan Tech University this spring was killed in a one-car traffic accident Thursday evening.

James Edward Miller, 21, son of Mr. and Mrs. Edward J. Miller of 1520 Lake Shore Dr., Gladstone, died en route to St. Joseph's Hospital, Hancock, after being fatally injured about 6:30 p.m. when the car in which he was riding left the road and overturned in Grand Township, Keweenaw County.

He was to have received a bachelor of science degree in electrical engineering in Michigan Tech's commencement exercises June 8.

Police said Miller was a passenger in the rear of a car driven by a 21-year-old Muskegon College student. The car overturned off Lac LaBelle Rd., about 15 miles north of Calumet.

Officers said three other Michigan Tech students who were riding in the car were injured. The driver, William E. Lehmer, escaped injury.

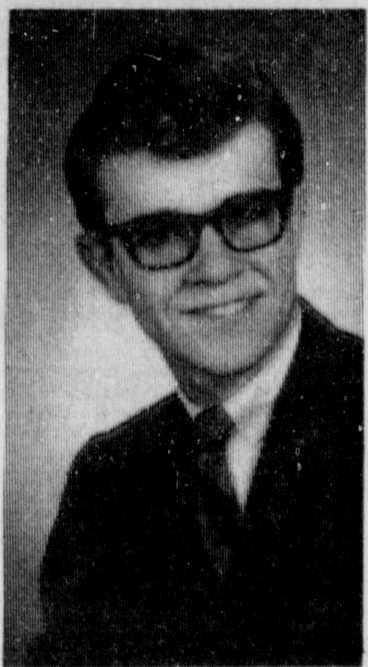

The students were returning to Houghton from a fraternity picnic at Lac LaBelle when the accident happened, officers reported.

James E. Miller was born Oct. 13, 1946, in Iron Mountain. He was an honor graduate of Holy Name High School in 1964, receiving a Primrose Scholarship to attend Michigan Tech.

He was a member of All Saints Church, Gladstone.

Survivors include his parents; one brother, Jerome, in the U.S. Navy, and a sister, Mary, a student at Ferris Institute, Big Rapids.

Friends may call at the Skradski Funeral Home, Gladstone, after 3 p.m. Sunday. Parish prayers will be recited at 8 p.m. Funeral services will be held at 9 a.m. Monday at All Saints Church with Msgr. Matt LaViolette officiating. Burial will be in Iron Mountain Cemetery.

Man, 27, Flees Hospital Room

A 27-year-old Escanaba man who was injured in a traffic accident Thursday night was being sought by State Police today.

Thomas R. Hanley, 27, Lake Shore Dr., was admitted to St. Francis Hospital for treatment of injuries, officers said, but about a half hour after he entered the hospital he kicked out a screen and jumped out of a first floor window.

Troopers reported that Hanley was injured when his car ran off U.S. 2 and 41 in Masonville Township and tipped on its side. Hospital officials said Hanley was admitted but was not discharged.

Hanley was given a traffic summons for careless driving. State Police also reported three other minor traffic accidents Wednesday and Thursday.

Floyd Forsberg, 29, of 508 S. 19th St., Escanaba, suffered minor injuries when his car ran off M-35 about a half mile south of the St. Nicholas Rd. about 10:10 p.m. Thursday. Officers said the car ran off the right side of the road, then crossed the road and rolled over off the left side. Forsberg was ticketed for careless driving.

Patrick Sullivan, 36, of 502 Michigan Ave., Gladstone, was given a summons for violation of the basic speed law after an accident at 12:55 p.m. Thursday on U.S. 2 and 41 about 1 1/2 miles north of the Gladstone city limits. Officers said his car struck the rear of a car driven by Lester Duncan, 17, of 1205 Superior Ave., Gladstone. Duncan had stopped his car for a dog on the road, officers reported.

Vernie L. Miron, 67, Rte. 1, Cornell, was ticketed for defective brakes and no registration or proof of insurance after his car collided at 10:05 a.m. Wednesday with a car driven by Elizabeth Norkoli, 38, of Rock. The accident happened in Baldwin Township on M-35 at its intersection with County Rd. 428. There were no injuries, troopers said.

U-M President Here Saturday

Robben W. Fleming, new president of the University of Michigan, will address a luncheon meeting of friends of the university in the mid-Upper Peninsula area at 12:30 p.m. Saturday.

Dr. Fleming will be enroute to Marquette where he will address a U.P. U-M alumni dinner in the evening and the commencement of Northern Michigan University on Sunday.

Dr. Richard Rinehart, president of Bay de Noc Community College and head of the Delta County U-M Alumni Club, will preside and Jean Worth, editor of the Escanaba Daily Press will speak on the Peninsula's relationship to the university.

Dr. Fleming, the ninth president of the university, went to Ann Arbor from Madison, Wis., where he was chancellor of the University of Wisconsin. He is a professor of law at Michigan as well as president.

Born in Paw Paw, Ill., in 1916, Fleming became professor of law at Illinois in 1958 and served until returning to Wisconsin in 1964 as chancellor. He is a well known labor arbitrator and was president of the National Academy of Arbitrators in 1966. He is a member of the United Auto Workers Public Review Board and of the Atomic Energy Labor-

Car Hits Pole; Couple Injured

A young man and his companion, an Escanaba young woman, are in fair condition today at St. Francis Hospital where they are receiving treatment for injuries suffered when their car struck a light pole in the city Thursday night.

They are: Kenneth E. Lucas, 19, of 206 N. McMillan Ave., Newberry, driver of the car. He is reported by Escanaba police to be in the armed forces.

Lois Moran, 23, of 1014 2nd Ave. S., a passenger, who with Lucas was taken to the hospital after the auto was involved in two crashes, the second breaking a light pole in three places.

Escanaba police said the Lucas car struck a parked auto owned by Joseph Bartol of Gladstone Rte. 1 in the 2200 block 3rd Ave. N.

In the 100 block N. 23rd St., the Lucas car, traveling north, turned into the light pole.

Lucas received a traffic court summons for leaving the scene of a property damage accident and failing to exercise due care.

City police over the Memorial holiday issued traffic court notices to: Robert Richards, 523 S. 10th St., failing to yield the right of way; Ronald W. Young, 1412 10th Ave. S., disobeying a stop sign; David H. Kidd, 415 S. 18th St., improper U-turn; James R. Garner, 420 1st Ave. S., Harold J. Wellman, Bark River Rte. 1, Gilbert H. Bast Jr., 1015 1st Ave. S., and William C. Longtine, Wells, all for speeding.

French Fear Communist Takeover After Rioting

This is another article by Marquette Mining Journal newspaperman James E. Trethewey and his wife, Blanche, just back after completing only two weeks of a planned month's tour of northern France, Belgium, Holland and Germany.

By JAMES E. TRETHEWEY Of Panax Newspapers

Parisians and residents of the rest of France are bitter, expecting the worst — possibly a communist takeover — from what started out as a student revolt against academic authority and which has grown into a nasty situation.

A "revolution" one man called the domestic crisis, and a young waiter in a restaurant expressed the blunt opinion that "France is finished."

Evidence that everyone is concerned was gained from the fact that the priest in the Church of St. Germain l'Auxerrois — where we attended Mass — even devoted his Sunday morning sermon to it. We couldn't understand what he was saying but we did catch the words "Hitler," "de Gaulle" and "manifestations."

Since only a few Frenchmen speak English, it was difficult to learn the general reaction to the parades, gatherings and other demonstrations by the general Confederation of Labor (CGT — Confederation Generale du Travail).

But those who do understand our language — some to only a limited extent — seem to be unanimously opposed to CGT actions. Generally, too, they express their growing dislike for de Gaulle.

They believe that agitators — one man called them "gangsters" — have been imported into Paris and other French cities to stir up trouble.

There seems to be some basis for their belief.

We were in St. Lo when carloads of men came roaring into town, horns blowing, to gather in the public square. There they formed a parade, moving through the principal streets and yelling slogans. Just like a much larger demonstration in Paris earlier, red flags were in evidence.

Mrs. Trethewey was in a laundromat and I was taking pictures of a nearby church at the time. We noticed women hustling their children off the streets and some rushing through their washing at the laundromat to hurry home.

Earlier, we had seen relief in the faces of waiters and diners in Caen, when, after listening to a broadcast of a debate in the French Chamber of Deputies, they learned that the government was standing firm in the face of CGT agitation.

In Paris, fear of the future was obvious on many faces. On others, there was disgust over the wholesale dumping of garbage in streets and other "manifestations."

"It has developed into a move by the Communists to take over the government," one hotel employee told us. "These actions by a few thousand persons do not represent the feelings of four million people in Paris — or of the 10 million who live in the city and its suburbs — but what can we do."

"The mobs are using stones now, but if the government brings in the military, they probably will begin using guns."

Police, meanwhile, have been constantly on the alert. The final two days of our stay in Paris were comparatively quiet (Bordeaux, in southern France, reportedly had some trouble, but a general CGT meeting was called for the next day.

That was the day we left, not caring to stay around to see what developed and glad to say good-bye to what obviously was an unhealthy and dangerous situation.

THIS OLD WOMAN was one of many scavengers seen digging into garbage in Paris streets to find food still suitable for eating. (Trethewey Photo)

M. E. Danielson Stricken, Dies Here Wednesday

Merle E. Danielson, 66, of Fort Lauderdale, Fla., died at 11 p.m. Wednesday at St. Francis Hospital, where he had been a patient for one week. He was stricken suddenly while on a visit at the home of his sister-in-law, Mrs. L. A. Danielson, 508 S. 7th St.

Mr. Danielson was born Jan. 2, 1902, in Weyauwega, Wis., the son of Mr. and Mrs. David Danielson. He grew up in Weyauwega and was graduated from Wauwacata High School. During World War II, he was in military service in the United States and was released from duty with an Army infantry division at Camp Claiborne, La.

For the past several years, he had been an employee of the Fort Lauderdale Beach Hotel and of the Grand Hotel Mackinac Island, and was enroute to Mackinac Island when he became ill. He had been a frequent visitor here with his late brother, L. A. Danielson, longtime news editor of the Escanaba Daily Press, and members of his family.

Survivors are three nephews, Dr. J. D. Danielson of Hartford, Conn., F. Mac Danielson of Des Moines, Ia., and Dr. Richard H. Danielson of Lansing, and one niece, Mrs. John E. Vadnais of Lakewood, Calif. Also surviving are two aunts, Mrs. Anna Larson of Ogdensburg, Wis., and Mrs. Emil Schroeder of Weyauwega. Funeral services will be held Saturday at the Bowers Funeral Home in Weyauwega, the Rev. J. O. Baumgarten of St. John's Lutheran Church officiating. Burial will be in Baldwin-Mills Cemetery there. Local arrangements were in charge of the Allo Funeral Home.

Services Held For Mrs. Maki

Funeral services for Mrs. Reginald Maki, 39, of Sault Ste. Marie, were held Friday at 10:30 at Sault Ste. Marie. Burial was in Gardens of Rest Cemetery.

Mrs. Maki was the former Betty King of Wells. She is survived by her husband, Reginald, two daughters, Terry and Mary Margaret; two sons, Larry and Bill, all of Sault Ste. Marie; her parents, Mr. and Mrs. Orval King, and a brother, Michael, formerly of Wells, who now resides in Orlando, Fla.

Obituary

MRS. JOSEPH WOLFE
Funeral services for Mrs. Joseph Wolfe were held at 9 a.m. Wednesday at St. Bruno's Church in Nadeau with Rev. Ralph Sterbentz officiating. Burial was in the Nadeau Township Cemetery. Pallbearers were William Webber, Joseph Mottard, Alphonse Poupore, Antoine Poupore, James Thiry and Richard Pavlov.

Diabetic Group Features Panel

Betty Brosius of Detroit, nutrition consultant for the Michigan Diabetes Association, will speak to members of the Delta County Diabetic Association at 8 p.m. Monday at the Delta County building.

Miss Brosius will be featured in a panel discussion along with Dr. Mary Cretens, director of the Delta-Menominee District Health Dept., and Dr. Donald Fitch of Escanaba.

The panel will discuss "Diet, Nutrition, Diabetes."

All diabetics and other interested persons are welcome. The association urged parents of diabetic children to attend.

Anyone wishing additional information about the meeting or association should contact Mrs. Francis DeGrand at ST 6-5188, or George Sealander at ST 6-6903.

Miss Brosius, a native of Michigan, has a bachelors degree in nutrition and dietetics from Michigan State University. She interned at Johns Hopkins Hospital, Baltimore, Md., and received a masters degree in nutrition at Wayne State University. She also has graduate credits from the University of Michigan.

Before joining the Michigan Diabetes Association, Miss Brosius was hospital dietician at Baltimore, Chicago and Wyandotte. She also has served as a school food service manager, camp food service director, and as the assistant manager of a restaurant.

A question and answer period and a coffee hour will follow the panel discussion.

Tables Defaced, Area Littered At Pioneer Park

Caretakers at Pioneer Trail Park were put to extra chores just in advance of Memorial Day crowds when two groups of Delta County school children failed in their "good housekeeping" test, it is reported.

The children were at the park on picnics Wednesday. The new tables in the park shelter house were defaced with carvings and paper and other trash was scattered about rather than placed in the refuse containers.

An emergency clean-up was necessary to correct the situation before Memorial Day.

Africa's oldest republic is Liberia, declared a republic in 1847.
